

University of Chicago

- 2 places for fall 2021

Core Classes

- Freshmen at U Chicago take Core Classes – teaches tools of inquiry in all disciplines. Uses Socratic style teaching method.

An aerial photograph of the University of Chicago campus. A large, irregular area of the campus is highlighted with a semi-transparent red overlay. In the upper-left portion of this red area, a white-bordered rectangular inset shows a closer view of a green, open area with a building, identified as the Campus Quad. A black speech bubble with white text points from the 'Campus Quad' label to this inset. At the bottom center of the red area, a white rectangular box contains the text 'UNIVERSITY OF CHICAGO'. The surrounding city of Chicago is visible in the background, showing a dense grid of buildings and streets.

Disciplines

- You name it:
- <https://collegeadmissions.uchicago.edu/academics/areas-study>
- Except engineering is limited: Molecular engineering is ONLY undergrad engineering major. No EE or Mech E. Chemical engineers should look at Chemistry Dept.

Two classes in your option

- Can take 4 classes max
- Take two of these in the subject closest to your option
- Other two classes are your choice provided you meet the requirements for the class. Also true for option classes.

Take classes 1 in a professional schools

- Can take up to one class in the UChicago Booth Business School – no petition needed as long as you have the background for a grad business school class
- Can petition to take one class in the law school, ed school, public policy or school of social administration. No med school classes,
- Limited to one class of your four! Must have sufficient background!

Course Catalog

- <http://collegecatalog.uchicago.edu>
- Classes are 100 units each = 9 CIT units, except when taking an equivalent and Caltech option required class at UChicago that is 12 units at Caltech.
- Take 4 classes – not overloads

Class Search

- Schedule of Classes – search by field and can indicate specific days if needed
- https://coursesearch92.ais.uchicago.edu/psc/prd92guest/EMPLOYEE/HRMS/c/UC_STUDENT_RECORDS_FL.UC_CLASS_SEARCH_FL.GBL

Class Level

- Class starts with 100 – intro level
- 200 – Upper level undergrad
- 300 or 400 graduate level. Can take 300 or 400, but only if you are advanced in that subject.
- Be careful about choosing classes in HSS areas as you should stick to level 100 if you don't have prior background. 200 OK if you have background.
